

Wool CE Primary School

Phonics Progression Map 2021

Rationale:

- The school uses Read Write Inc (RWI) as its phonics programme, as this programme was developed predominantly in schools with high EAL numbers.
- RWI was selected as our synthetic phonics programme due to its focus on repetition, fluency and consolidation which benefits all learners and is particularly supportive of EAL children learning English.
- Books selected to take home for children to read correspond to the RWI programme. RWI home reading books are used when children are independently blending to read. Until this stage, children are given Lilac Book Band Books to encourage positive book behaviours and development of oracy skills through discussion of picture books.
- This phonics progression map has been informed by prior Early Excellence generated EYFS baselines. Previous baselines have indicated that a significant proportion of pupils beginning FS2 (Reception) are below typical age-related attainment in skills such as: recognition and generation of alliterative sounds, correct articulation of voice sounds and accurate oral blending and oral segmentation.
- The Letters and Sounds Phase 1 Teaching Document has informed our view of Steps A-D in this progression map, as the RWI process begins with recognition of Grapheme Phoneme Correspondence (GPC).
- In addition to this document there is a spelling progression document, where children will learn and fully consolidate their phonics skills for the purpose of spelling and the learning of the spelling content as listed in the English National Curriculum 2014.
- Home reading books (RWI Book Bag Books) are sent home once the sound set is secure. Therefore, home reading books are to consolidate learning, aiming to improve children’s confidence and fluency.

Step	Year Group	Anticipated Timescale	RWI Stage	Reading		Teaching Content/Skills	Home Reading Books	Assessment Expectation	Nonsense words	Common Exception Word for reading and writing	Terminology
				Sounds and handwriting	Words for reading and spelling						
A	Expected coverage pre Reception (FS2) entry to Wool Primary					Ongoing focus on ALL aspects within taught phonics sessions and as part of daily provision. <ol style="list-style-type: none"> 1. Identify and describe different sounds and noises in the environment, e.g. long, short, high, low, loud, quiet. 2. Experience and develop awareness of sounds with instruments and noise makers. 3. Develop awareness of sounds and rhythms using body percussion. 4. Articulate words correctly in rhythm. 5. Listen to sounds and know which are the same and different (beginning or end). 6. Articulate sounds using correct mouth movement. 7. Oral blending (of 3 sound words) and segmenting. 	Whilst Wool Primary does not have a pre-school with a FSI (Nursery) curriculum, baseline assessments of children on entry, demonstrate that there are often gaps in Phase 1 Letters and Sounds equivalent learning. Therefore, these areas have been added to the progression map to ensure that children are correctly assessed and gaps in phonemic awareness are closed swiftly on arrival to school. The RWI Handbook specifies that all 4 skills (oral blending, oral segmenting, blending and segmenting to read) are reinforced through the given lesson format. Therefore once RWI has begun, Letters and Sounds is no longer required.

Completion of RWI phonics programme											

Updated 06.09.21

Terminology

Green Words	Across the programme these words are transient. They are green at the level of which the child can decode. For example 'mat' would be an early green word as all the sounds m/a/t have been taught and therefore presents as a word the children could decode and blend.
Red Words	Across the programme these words are transient. For example, 'chick' could be taught as a 'red word' in an early stage of the programme, as the child would not know 'ch' or 'ck' as digraphs, just as initial sounds. However once taught 'ch' and 'ck' children are then able to use their sounds to read 'chick' and so this is no longer a 'red word' but becomes a 'green word'.
Challenge Words	These words appear in the RWI books (initially in a grey coloured font). They are thematic words related to the story or text. Therefore to understand the text fully, the children would need to know the meaning of these words
Phoneme	A phoneme is the smallest unit of sound
Decode	To read the graphemes which make a word
Blend	To put the phonemes in a word together and read orally
Segment	To break a word into its separate sounds – looking for digraphs etc.
Encode	To write all of the graphemes or write graphemes to make a word
Grapheme	A written symbol that represents a sound
Special Friend	The RWI child friendly name for a digraph or a split digraph; a trigraph or a polygraph.
Digraph	Two letters which make one sound eg - sh
Split Digraph	Two letters which make one sound, usually bridging a consonant – making the vowel say its name rather than its sound.
Ditty	Usually 4 or 5 sentences using fully decodable words. Most often without punctuation.
Fred	Fred is the frog who only talks in pure sounds in the RWI programme.
Fred Fingers	A child friendly manner of spelling a word by segmenting the word into its sounds and placing each sound onto a finger before writing.
