

Worship Committee Planning Meeting: 17.5.24

	Notes	Actions
1. Evaluation of CW during Summer 1	<p>The Committee discussed the CW sessions from this half term</p> <p>Children have enjoyed leading Picture News but some have said they can find the discussions a bit confusing because the picture can seem different to the question. Mrs Griffiths said that we could keep doing some more training with Picture News Leaders to help them to focus the discussions.</p> <p>All children seemed to really enjoy learning about the parables and could recall lots of learning about the Bible stories.</p> <p>Everyone is still loving the singing assemblies and would like to continue with these weekly sessions.</p>	Continue Picture News training
2. Planning for next half term	<p>We discussed the fact that the church calendar does not suggest any specific aspects for CW next half term but we agreed the following:</p> <p>School value of love to be the focus for a few weeks and link it to traits like kindness, gratitude and thanks. Rev Richard will also lead a session linked to how people showed love through sacrifice as part of reflections to do with D-Day anniversary.</p> <p>Showing aspiration to be agents of change not just in the school but also in our community.</p> <p>Transition to a new school year and how we can spend time looking back and also looking forward.</p>	Mrs Griffiths to put all the Committee's ideas into the planning for next half term.
